

TSHEPHO MAMORARO MAIMELA

067 638 5104 | 4323138@myuwc.ac.za | Cape Town, Western Cape |

PROFESSIONAL SUMMARY

Computer Science student with hands-on experience developing software applications using Java, Python, React, Spring Boot, and SQL. Strong problem-solving and analytical skills, with experience working on academic and personal projects involving web development, databases, and software engineering. A motivated and adaptable individual who enjoys learning new technologies, collaborating with others, and building practical solutions to real-world problems.

SKILLS

- Java
- Python
- Java Script
- Relational Databases (MySQL)
- spring boot
- React
- Version Control (Git&GitHub)

EXPERIENCE

Runner

Hungry Lion

Dec 2024 – Jan 2025

Parow Centre

Worked in a fast-paced fast-food environment, developing strong customer service, communication, and teamwork skills. Handled customer queries and complaints professionally, remained effective under pressure during peak periods, and adapted quickly to changing demands. This experience strengthened my professionalism, problem-solving abilities, and ability to collaborate effectively within a diverse team.

EDUCATION

National Senior Certificate (Matric)

Kgahlanong Secondary School

2021

Limpopo, Steelpoort

Sepedi HL, English FAL, Mathematics, Geography,
Life Orientation, Life Science & Physical Science.

Bsc Computer Science

University of the Western Cape

2023 – present

Western Cape, Cape Town

PROJECTS AND CERTIFICATIONS

Leadership Programme | UWC IT Society

May 2026 – sept 2026

Participated in the UWC IT Society's 100 Days of Coding Leadership Programme as a team leader. Led a team in developing a web-based application that enables students to calculate, monitor, and track their academic progress. Strengthened my leadership, teamwork, communication, and software development skills while delivering a practical solution to a student-focused problem.
